Dear Mark

KINGSLEY GROUP

You are our Accountants. We changed to you from a traditional firm and have found you to be positive and proactive. Changing advisors is not really something 'we do' and so was not a decision we took to readily; but I'm now so glad we did and thank you for all your valuable help to date.

You and your team have been great to work with on important ideas and deals. You have commercial knowledge, as well as tax planning instincts. I believe it's of paramount importance to work with people who are driven and ambitious for our business - and you and your team certainly are.

One of the ideas will save my brother in excess of £200k over the next 3 years. We're both young and are excited to have you on board for "the journey" that will hopefully be our careers.

Keep the ideas coming!

Yours sincerely
